HISTORY OF ST. PAUL'S CHURCH, KENT COUNTY, MD.

SECTION I.

NEW YARMOUTH TOWN.

TAKEN from a diary said to have been written in about 1773, by Peregrine Wroth, Esq., there was an account of the town of New Yarmouth, not long ago submitted in extracts to our local press.

These extracts contain also all the evidence I can find of a church building on Eastern Neck, previous to the foundation of St. Paul's Parish in sixteen hundred and ninety three. It is as follows, (in substance) :

The town of New Yarmouth was built upon land purchased of Major Thomas Ringgold, by a man named Tovey.

Tovey bought 100 acres out of a tract of land called Huntingfield, which is stretched across and to the south of Eastern Neck.

In 1838 the farms of that tract belonged to George W. Willson, Esq., and others.

The writer of the extracts and George L. Davis, Esq., visited this locality and found the remains of a wharf, covered with rubbish, and also many stones which were not native to Maryland, but which had been brought in ships, as ballast, from England : said ships returned to England having tobacco as chief cargo. The stones had been used to pave the approach to the wharves, and for other purposes.

In 1838 Thomas Browne owned this land.

New Yarmouth was, in its day, a commercial centre, and a port of custom entry : the court sat there, and there the King's justices met.

Bye and bye, as this commercial centre became inconvenient, a new town was built seven or eight miles down the river, and this too, proving inconvenient, a new town was started where Chestertown now stands.

The Rev. Dr. Robert Willson, in Lippincott's Magazine of October, 1876, says that New Yarmouth was founded by James Ringgold about 1680 : and that by statute it was made a port of entry in 1684. He states, also, that a creek near by, called Church Creek, was so called, doubtless, from the site of a house of worship which once stood there, erected by the colonists.

Major Hanson, in his book "Old Kent," has produced from legal records a note that a court met at New Yarmouth in 1686 : and another, that legal statute made it a port of entry in 1684.

NEW YARMOUTH CHURCH.

The first church we have any evidence of would appear to have been built in this locality in, or before, 1680; possibly previous to the foundation of New Yarmouth town.

Mr. George W. Willson, in 1838, informed the writer of the extracts that an old negro, Nathan Laddy, who died at the age of 100 years, had told him that he remembered when a church stood on his (Mr. Willson's farm.) The writer of the extracts then (in 1838) had excavations made, and found a number of graves, some of which were arched up with brick. Mr. Willson testified also that there were many English bricks scattered about the place. The first cargo of bricks from England came in 1666.

Kent county was settled from Eastern Neck Island, and settlements were made towards the north of the county. This accounts for a church being built north of the Island.

There is now, in 1893, on a farm called Hermitage, owned by Mrs. Hallie Brown, widow of the late Dr. Thos. R. Brown, tenanted by Mr. John Brice, Jr., and situated on the east side of the main Eastern Neck road, a mound, surmounted by trees, which is pointed out as the first church and cemetery site of the old time. This mound is now called Old St. Paul's graveyard.

In a short time, and to meet the convenience of the northern trend of the settlers, and when the Parish of St. Paul's was founded by law, the church site was moved from this New Yarmouth locality to the place it now occupies, at the head of Broad nox Creek.*

SECTION II.

FOUNDATION OF THE PARISH OF ST. PAUL'S.

From Hanson's "Old Kent," Page 322.

"At their majesties' court, holden for Kent county, the 28th day of November, in the fifth year of their Majesties' reign, 1693, (there were present) Capt. Hans Hanson, Mr. Edward Sweetman, Mr. Dan Norris, Mr. John Copedge, Justices." It was "ordered by the court that the 19th of this instant, December, be ye day for electing ye Vestrymen at ye Town of New Yarmouth."

"At a court, holden by their Majesties' Justices for Kent county, at the Town of New Yarmouth, for laying out ye upper part of this county into parishes, this 19th day of December, in ye 5th year of their Majesties' (William and Mary) reign. Annoq. Dom., 1693."

of St. Peter's, (now St. Paul's,) to begin at ye lower end of Eastern Neck, bounded by Chester river and ye bay, so far as ye plantation that formerly did belong to Plarness, and from thence by ye division line between Kent and Cecil county.

Entered pr. Charles Bass, Clk: "Their majesties do appoint ye 20th day of January for electing Vestrymen at the Town of New Yarmouth."

"January the 24th, 1693-4, being the day appointed, according to a former order of the Justices of this county, for the electing and chusing of Vestrymen for St. Peter's Parish, on which day, at a meeting of ye most principal Freeholders and Justices, as aforesaid, at ye house of Mr. Thomas Joice, at ye Towne of New Yarmouth, doth by a free election elect six Vestrymen: Mr. Thomas Smith,³ Mr. William Frisby, Mr. Charles Tilden, Mr. Mich. Miller, Mr. Hans Hanson, Mr. Simon Wilmer."

FROM OLD RECORD BOOKS OF ST. PAUL'S CHURCH.

Pursuant to an Act of Assembly, entitled an act for the service of Almighty God and the establishment of the Protestant religion of this Province, wherein it is ordered that the counties within the Province of Maryland shall be divided into Parishes, and likewise it is ordered by the same law that the Justices of the county, with the freeholders of the county, shall chuse six Vestrymen for each respective Parish, which accordingly was done and performed on the 24th day of January, Anno qui Domini, 1693, whose names are hereunder inserted, vizt:

FIRST VESTRY MEETING OF ST. PAUL'S PARISH.

The first vestry meeting of St. Paul's Parish was held in the house of Mr. Thomas Joice, of New Yarmouth, on or immediately after 30th Jany., 1693.

The early vestry meetings were held in the houses of Mr. Michael Miller, of Langford's Bay, Mr. Thomas Joice, of New Yarmouth, and of Mr. Simon Wilmer.

CHURCH BUILDING.

FIRST PROPOSAL FOR BUILDING A CHURCH IN THE PRESENT LOCALITY, BUT NOT CARRIED OUT.

By a meeting of the Vestry at the house of Mr. Thomas Joice, for the Parish of St. Paul's, on the north side Chester river. Agreed about the dimensions of a church to be built upon part of a tract of land belonging to Mr. Michael Miller, which is called the main branch of Broad nox Creek, vizt: Fifty feet long, etc., wherein Mr. Norris was desired to consider of and report the charge to the vestry the fifteenth day of February next, (1693).

³ NOTE.—Thomas Smith is entered as "Smith" up to 5th September, 1694; after that date his name is recorded as "Smyth."

A full attendance of Vestry met on the fifteenth day of February, 1693; chose Mr. Michael Miller and William Frisby principals. Mr. Norris did there and then deliver the account of his charges, which charges the vestry decided were too large, and did not accept. The Vestry then agreed with Mr. Norris for making one hundred and thirty thousand bricks, and fifteen hundred tile of ten inches square and two inches thick.

Mr. Norris was ordered on July 24th, 1693, not to make the bricks.

SECOND PROPOSAL FOR BUILDING A CHURCH, BUT NOT CARRIED OUT.

The Vestry met at Mr. Michael Miller's house on 29th January, 1694. A proposal was made to Mr. Daniel Norris to take a contract to build a church. Mr. Norris to give charges on 14th February, 1694.

Proposed plan of church was 52 feet long and 26 feet wide, outside to outside. The foundation to be raised with brick three feet above the ground, and upon the brick to be framed with good substantial timber eleven foot pitch above the brick. The posts to stand ten foot asunder, with the girders and five principal rafters, and other timber to be proportionable to such a building; five windows six feet wide, the height proportionable, with shutters to the same; a pair of folding doors in the front.

THIRD PROPOSAL FOR BUILDING A CHURCH.

This proposal was carried out, and the church was built; but it was erected before the present church building.

On April 15th, 1695, the vestry met at the house of Mr. Thomas Joice, at New Yarmouth, and agreed with Mr. Daniel Norris to build a church 40 feet long and 24 feet wide, Foundation to be raised with brick three feet above the ground, and a substantial timber building to be erected on this foundation; ten feet pitch above the brick; posts ten feet asunder; five girders and five principal rafters, and other timber proportionable; three windows six foot wide, and height proportionable, with folding doors to the same; a pair of folding doors in the front; a ten-foot chancel, to be paved with Tile; a six foot the length of the church, to be paved with tile. This in consideration of twenty-one thousand pounds of tobacco, whereof there is paid the sum of fifteen thousand pounds two hundred and ninety-nine.

Mr. Daniel Norris entered into this contract and gave bond in 42,000 pounds of every way good tobacco. The work was to be completed at or before the last day of November, 1695, or bond to be forfeited.

The Vestry then gave Mr. Daniel Norris an order on Sheriff Tilden for 5,249 pounds of tobacco, being the full amount remaining in the Sheriff's hands, due to the Parish of St. Paul's, and took Mr. Norris' receipt for the 15,299 pounds already paid to him.

DESCRIPTION OF THE CHURCH LOT.

Date, 6th Feby., 1696 The church was built upon a parcel of land belonging to Michael Miller, being part of a tract of land called Arcadia, lying at the head of Broad nox Creek, bounding on the south with a par-

cel of land called The Fork, formerly laid out for Henry Hawkins; and on the north with a parcel of land formerly laid out for James Ringgold; and on the west by John Wadd's land. The Vestry have agreed with the said Michael Miller to give him two thousand pounds of tobacco for the aforesaid land, and the said Michael Miller will oblige himself to make over the said land at March court next.

Some seeming difficulty exists in the records as to the locality of Michael Miller's lands. The record of 6th February, 1696, shows that the church "was built on M. Miller's land, which was part of a tract called Arcadia, at the head of Broad nox Creek." The record of June 6th, 1696, shows that a "meeting of the vestry was held at M. Miller's plantation, on Langford's Bay." But, by an entry of February 6th, 1696, the record shows a "vestry meeting at Michael Miller's old plantation." The difficulty will be solved if we find that Michael Miller had two plantations—a new and an old one: one on Langford's Bay and one at the head of Broad nox Creek.

I cannot make out, though, as to the identical site of the first St. Paul's Church: for, continuing to examine the Records, I find an entry of 27th Nov., 1707, as follows: "Ordered by this Vestry that Charles Ringgold be paid two thousand pounds of Tobacco for what timber was cut off his land and used in building the church, and five hundred pounds of Tobacco for two acres of land that the church is built on, by order of a Jury." Hence there was a church built previous to 27th Nov., 1707, on two acres of land owned and sold by Charles Ringgold.

CHARLES RINGGOLD'S LOT.

But note further that the Records show an entry of 11th Nov., 1699, as follows: "We, the undersigned, being summoned and sworn to value two acres of land, adjacent to the Parish Church of St. Paul's Parish, on the north side Chester, and now run out by the Vestry of said Parish, we do value the said two acres of land at five hundred pounds of tobacco."

TWO CHURCHES.

It would appear, then, that in 1707 there were two buildings or churches, one, built as a Parish Church of St. Paul's, on "Michael Miller's land"; the other built "adjacent to the Parish Church of St. Paul's," on two acres bought from Charles Ringgold.*

But of the church before mentioned as having been built by Mr. Daniel Norris, it was not finished according to contract: for the Vestry sued Mr. Daniel Norris for his unfulfilled contract, and on Nov. 27th, 1707, obtained judgment against him for 1,673 lbs. tobacco and 299 lbs. for costs of suit, though he (Mr. Daniel Norris) gave a receipt on 6th Feb., 1696, in full for payment for building the church.

*C. Ringgold got 500 lbs. Tobacco for his two acres; M. Miller got 2,000 lbs. Tobacco for his lot; at that rate M. Miller's land, which was bought for a church lot, would have been 8 acres.

On March 1st, 1696, Robert Norris and Richard Scrivener agree to pail in a church-yard 100 feet square, to recover said church, to rail in a chancel, to build a pulpit and reading pew for 4,500 lbs. of tobacco: work to be finished by last of August, 1696.

On July 24th, 1697, the vestry contracted with Mr. Robert Norris to arch the church fit for plaistering from the plate to the windbeam, to put in a six-foot wainscot with moulding, to lay the ground sills, to seat the chancel and to make a communion table 6 ft.x3ft., for 4,500 lbs. of tobacco. Work to be finished by the last day of October, 1697.

On 27th Jan'y, 1697, Robert Norris agreed to build thirteen pews and a gallery, for 12,000 lbs. of tobacco.

On 13th May, 1698, Gideon Gamble, of Cecil county, contracted to plaister the church for 3,500 lbs. of tobacco. The vestry to find him in nails and hair.

John Salter glaized the windows 24th Feb'y, 1690.

On Sep 14, 1700, the brick work of the church is reported as decaying. It was taken down in April 25th, 1702, and replaced with stone.

THOMAS SMYTH'S SILVER COMMUNION VESSELS.

On April 9th, 1699, Major Thomas Smyth doth present to the Parish of St Paul's, on the north side of Chester river, as a gift, one Chalice of Silver and one Plate of Silver, engraved on them as followeth, vizt :

The gift of  to the Parish of St. Paul's, on the north side Chester.

A chalice of silver, worth about \$70.00, and exactly like to the chalice of silver presented to the church by Thomas Smyth in 1699, was presented to St. Paul's at the instigation of Judge Chambers, after the last visitation of Bishop Whittingham, between 1861 and 1864. Judge Chambers paid one-half of its cost, and the ladies of the congregation raised the balance. It bears the inscription: "Gift of the ladies of the congregation to St. Paul's Church, on the north side Chester.

ELINER SMYTH'S PRESENTATION.

August 3rd, 1703, Eliner Smyth, wife of Thomas Smyth, this day was pleased to present the church with a pulpit cloth and a cushion, with this motto or inscription in the pulpit cloth :

PROPOSALS TO PULL DOWN THE OLD CHURCH AND BUILD A NEW ONE.

On 3rd Aug., 1801, it was resolved that the collection to pay for repairs on the old church should be suspended, and that subscriptions be put on foot immediately for a new church.

The motion was made by Thomas Hynson, Church Warden.

9th April, 1804. Resolved, that a meeting of the parishioners be called to take into consideration the building of a new church.

4th Feb'y, 1805, the Vestry adjourned until Easter Monday for a further consideration of building a new church or repairing the old one.

15th April, 1805, Easter Monday. No action was taken about the new church; or, at least, no action is recorded.

I'm afraid that if our predecessors of 1801-2-3-4 and 5 had been rich enough they would have pulled down our dear old Church, and so have destroyed a splendid monument of the first days of our history. Thank God they were not able to build a new one, or otherwise they would have destroyed, to the injury of us, their successors, the building which has so many sweetest associations and is so fondly dear to the heart of every one of us.

March 8th, 1806. The Trustees for repairing the church were ordered to proceed forthwith.

May 20th, 1806. 12 rules of vestry, are recorded, for the purpose of securing order and respect and for the prompt dispatch of business.

March 8th, 1806. Resolved, that the windows of the church, the floor and doors shall be finished before any other repairs be gone into.

In 1812 St. Paul's Church was used as a Barracks for the troops, during some time of the war of that date with England. Capt'n Scott, who was maternal grandfather to Mrs. George Jessop (nee Maria Harris), was quartered there.

The church is said to have been at that time, in the form of a cross. It was so, but there is no written record of it. There is at this date (May 24th, 1893,) a bricked-up archway, both in the north and south side walls, and the records for 1824 mention the payment of a bill for taking down the north wing of the church. (See below).

July 2, 1820, Sunday; Collections to be made for repairing the roof.

Aug. 18, 1821. Vestry to collect money for repairs to the Church, particularly the windows.

April 8, 1822. Business on repairs.

April 16, 1824. After considering what repairs were necessary, it was thought the best way was to take down the north end of the Church and to build a wall across, as the Church was formerly. W. B. Wilmer, James P.

Gale, Wm. F. Harper, Thomas Miller and B. Scott were appointed as a repair committee to report to the vestry.

1821: Bills of \$242.70 were paid for taking down the north wing of the Church, and plastering and repairing the old Church and putting it in its original form, as ordered by vestry of 16th August, 1824.

16th August, 1824. Downey & Bryan, carpenters, presented their bill for repairs, which was thought extravagant, and was submitted to Thomas Davis and Thomas Vickers, who cut down the bill nearly one-half.

THE CHURCH IN DECLINE.

16th April, 1827, Easter Monday. Vestrymen: Wm. B. Wilmer, Thomas Miller, Thomas B. Hynson, Merritt Miller, James P. Gale, James Brown, John Urie, Horatio Beck.

Church Wardens: Joseph Brown, William Crane.

Register: John Scott.

The above were duly elected by the parishioners.

April 27, 1827. Memorandum entered in Record Book, by Wm. B. Wilmer: "During a number of years, as this book too well evinces, this parish was without any regular ministry; but from certain periods from this time to the following election (on Easter Monday, 16th March, 1838,) of vestry, the Rector of the Chestertown parish officiated. First after Dr. Clowes was the Rev'd Mr. Stone, for whom a collection was made and paid. Then the Rev'd Mr. Jones, for whom also a collection was made and paid, as the accounts at the end of this book will show."

There was no regular clergyman at St. Paul's from about 1827 or 1828 until 1830. Occasional arrangements were made for services by the clergy-men of Chestertown.

Rev. Clement F. Jones, D. D., of Chestertown, of which parish he was Rector for 22 years, officiated at St. Paul's very frequently. In 1840, during an engagement as temporary Rector of St. Paul's, he married Leonora Scott to Joseph Harris, who were the parents of the present (1893) Mrs. James H. Gale, Mrs. George Jessop and Mrs. George Beck. Rev. Mr. Stone, of Chestertown, gave services at St. Paul's in 1833, 1834, 1835 and 1836.

There is no record of a vestry meeting, nor was there any vestry meeting held from 16th April, 1827, to 31st March, 1834; nor from then to March 16th, 1838. The affairs of the church were in a very bad way during these years. The building became altogether dilapidated and almost unfit for use, till it was restored in 1840 and '41.

March 16, 1838; The Vestry and Wardens elected were W. B. Wilmer, Thomas Miller, Thomas B. Hynson, Merritt Miller, John Urie, Horatio Beck, James Brown, James P. Gale, Vestrymen: Joseph Brown, Rasin M. Gale, Wardens: John Scott, Register. The vestry only met and held over, as the law provided, between April 16, 1827, and March 16, 1838.

October, 1839; The vestry met and engaged the Rev. John Alberger, who was ill and not able to officiate regularly. He resided for a short time

with Mr. James P. Gale, then went on a visit to Buffalo, N. Y., and was unable to return to St. Paul's

November, 1840. Vestry met and engaged the Rev'd Frederick W. Boyd, of Portland, Maine, at \$450 a year.

THE CHURCH RESTORED.

March 1st, 1841. The Rev. Mr. Boyd submitted a contract, which had been offered to him for repairing the church. It was not acted on. The vestry were to make known the repairs wanted and to invite contracts. Strong & Stevens got the work, and others.

Aug. 8th, 1841. Moved that a Vestry or Robing Room, to be constructed of wood, be erected in the external angle of the northeast side of the chancel. This is not the present Robing Room, which is built of Brick.

January 24th, 1842. A letter from the Rev'd Mr. Boyd, dated Natchez, Dec'r 27, 1841, resigning as Rector of St. Paul's, on account of continued ill health, was read.

The Vestry resolved that Mr. Boyd's resignation be accepted, acknowledging his great usefulness in reviving a church almost sunk; their sympathy in his affliction; they hope his recovery may be earlier than circumstances indicate; the great pleasure they would have in greeting him again; and that should the church be without a pastor their determination to invite him again to the Rectorship.

July 2nd, 1842. On motion of Horatio Beck, it was resolved that the pews be distributed by lot, each subscriber to have his choice of pews according to the number drawn, there being as many numbers as subscribers.

17th April, 1843. Funds were collected to put Shutters to the Windows and to finish the Chancel and drapery to the pulpit.

Jan. 10, 1845. G. C. Griffith was made Sole Supervisor of the Cemetery. Ordered that no separate enclosure should be made for any grave.

At this time St. Paul's owned a slip of land of an acre, more or less, lying between the main road and Dr. Houston's land, beginning at a Boundary of Houston's land, on the Bellair road, and running on with Houston's land to the Rock Hall road. Said slip of land was appropriated for a Sexton's House.

Nov. 19, 1845. Burials, to persons in limited circumstances, and not regular contributors to the parish, are to be \$1.00 each; and in good circumstances, \$5.00 each.

10th Nov., 1815. \$50 was voted to Roof the South Side of the Church.
 Jan. 20th, 1816. Considerable debate was held on the expediency of Fairs. The majority of the Vestry were less favorable to them, and manifestly opposed to having dinners; limiting themselves to an afternoon in the strawberry season and on the fourth of July.

April 13, 1816. The Vestry rescinded their restrictions on Fairs, as passed at last meeting, but will act as may be deemed by them expedient.

June 10, 1816. Resolutions of regret and sympathy were passed on the death of James Frisby Brown. Copies were sent to the family and to the *Kent News*.

1817. A dispute arose with the owner of the land north of the church, who had cut down one of the oak trees, and encroached on the Church property by building an ice-house too far on it; since which the Vestry purchased acres north of the Church grounds as a site for a Sexton's house.

May 20, 1817. The Rev'd F. W. Boyd had offered previously to come back to St. Paul's, and his offer was subsequently accepted, but too late, as Mr. Boyd had accepted another call meanwhile.

April 21, 1851. Jacob T. Freeman's death announced.

June 16, 1854. Rev'd Mr. Allen, of Baltimore county, examined the old Parish Books so as to publish a history of the Church in Maryland. He then took them to Chestertown for the use of Dr. Pere, Wroth.

May 3, 1858. \$500.00 a year voted for a Rector.

Oct. 21, 1859. The Vestry voted to purchase Mount Pleasant farm, known as the Tilden farm, from R. Hyson, trustee, for \$1200.00.

\$845.00 were subscribed towards it, right then and there.

CHURCH ON FIRE.

Easter Monday, 1875. A new policy of fire insurance on the Church was ordered, which had been neglected. The Vestry were forcibly reminded of this neglect, as coals had rolled out of the stove and fallen on the church floor, and part of the floor was entirely consumed by fire left over from Sunday Services. The Vestry record their gratitude to "Divine Providence that this venerated building was spared to us."

July 9th 1877. Vestry a good deal in debt on account of the Church. It was "hard times," &c. Some Voluntary Extraordinary effort of the members was proposed to meet the difficulty. Fairs were not to be thought of, or tolerated, only as a last resort. Some members offered to give \$50.00 each, if some personal effort was made by others, sooner than have another Fair.

Easter Monday, 1878. Vestry voted that it meet once a month regularly. Any member not attending, or even 15 minutes late, to be fined \$1.00. That Vestry meant business!

The same Vestry ordered that the Church Wardens should admonish persons who stand around the doors and windows after the beginning of the services. Such persons must be made to come into the church, or else the Wardens must make them go outside of the enclosure of the church-yard.

Dec. 5, 1870. Through means taken by Mrs. Hulme and Mrs. Ringgold, new stoves had been put in the Church, and the Church had been repaired and frescoed, at a cost of \$300.00. 1841. 16 Front Pews, each \$15 00.
 " 16 next to front, each \$10 00.
 " The Remainder, 85 00.

Choice for Pews in 1841 was by lot. The Pews were drawn by lot on July 23d, 1842, after the Restoration of the Church in 1841. Tickets were numbered in accordance with the number of the subscribers. The subscriber who drew No. 1 had the first choice, and No. 2 the second, and so on. The plan of these Pews is pasted in the end of the oldest book of the Records of Vestry from 1693 to 1726, marked No. 2.

1862. Pew Rental nearly \$500 00.

April 1, 1864, to April 1, 1865. Pew Rental for the year \$545 00.

April 1, 1865, to April 1, 1866. " " " " " 807 00.

April 1, 1866, to April 1, 1867. " " " " " 445 00.

From 1862, Pews were sold to the highest bidder.

In January, 1866, it was recorded that out of the 45 Pews only 15 are actually rented.

Pews were made Free on 1st May, 1870.

Pews Rented again on 8th July, 1872. 14 of the front pews in middle block at \$30.00 each; the rest, being rear pews in middle block, at \$25 00 each; 14 of the front pews in side blocks at \$10.00 each; the rest, being rear pews in side blocks, at \$5.00 each.

Envelope System of Collections adopted, 1876, March 10th, under 4 conditions:

1st. Average of amount of Communion Alms deducted.

2d. Rector's Salary to be deducted.

3d. Current Church Expenses deducted.

4th. Surplus to go to Missions and Church Repairs.

1882, 10th April. Proposal to Rent pews was not carried; the church was supported by Voluntary Subscriptions.

1885, 6th December. Envelope System again adopted, but it worked very unsatisfactorily. The Books were not kept properly, as no one account was kept distinct, and payments were not made by many; consequently, on 1st April, 1887, the Envelope System was abolished, and the Church was then, as it has been since up to this date, supported by Voluntary Contributions and Subscriptions.

SECTION VII.

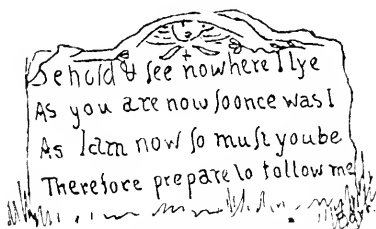

THE CEMETERY.

“ETERNAL REST GRANT UNTO THEM, O LORD, AND LIGHT PERPETUAL SHINE UPON THEM.”

The oldest stone-marked grave in St. Paul's Cemetery has inscribed on its *foot-stone* :

Here lies ye body of Daniel Coley.
He departed this life Oct. ye 20, 1729.
Cut by John Godfrey.

The *head-stone* is as follows :

The next oldest has : “Here lyes ye Body of Even Evans. He departed this life June ye 30, 1735.”

The next is of Benjamin Vickers, Esq., 1790.

There are a number of very old graves, with rough head and foot-stones, but which bear no inscription at all.

* * * * *

At 9 A. M., June 1, 1863, Mr. Eben F. Perkins proceeded, under direction of the Vestry, to lay out Walks and Burial Lots in the Cemetery. At 5 A. M. Tuesday the work was continued until 4.30 P. M.

On 28th March, 1864, the Rev. Andrew Sutton and L. M. Ricaud were given exclusive control of the Cemetery.

In 1865. L. M. Ricaud had sole control.

Dr. L. M. Ricaud and Geo. D. S. Handy were the instigators and first workers in beautifying the Cemetery at this time.

The work then fell for some time to Dr. Ricaud.

Up to December, 1868. Dr. Ricaud, in leveling, stumping, cleaning, fencing, &c., in the Cemetery, laid out \$549.00. He had \$162.00 worth of trees planted. In 1876 he made a draft of the Cemetery plot.

In 1878, on 22d April. Under a new survey by Mr. John V. Crosby, at the direction of G. D. S. Handy and Chas. G. Ricaud, a new draft of the Cemetery plot was made at a cost of \$20.00.

April 22, 1878. By Bequest of the late Mrs. Augusta Browne, the sum of \$50.00 was left in her will to be perpetually invested for the purpose of keeping her grave in proper order.

Too much gratitude for Cemetery improvement cannot be held towards Dr. L. M. Ricand and George D. S. Handy.

In an obituary Resolution of Vestry, in 1874, there occurs the following words in connection with Mr. George D. S. Handy and the Cemetery of St. Paul's Church: "Resolved, that always working to beautify the Cemetery grounds, where her Beloved sleep, *that* Cemetery, so endeared to us all, shall be, and is, his most fitting Monument."

April 22d, 1880. The Treasurer in charge of the Cemetery was directed to notify lot-holders who have not paid for their lots that unless their lots are paid for, no more graves will be allowed to be dug within them; also to notify Sexton not to dig any more graves in such lots.

STEVENSON CONSTABLE, Register.

1880, March 9th. No more lots to be sold in the Cemetery except for cash.

April 10, 1882, and April 28, 1882. There were 48 unsold lots; a graded price was put upon each one according to location

April 7, 1890. T. R. Strong to have sole care of Mrs. Augusta Browne's lot and to spend \$3.00 each year on it

Aug. 27, 1870. A man to be hired as Sexton and to work in the Cemetery at a Salary, and Lot holders to be charged each \$1.00 a year for the care of their lots. Bills for collection were divided among the Vestrymen, and each Vestryman was to be responsible for non-collections, or to show good cause.

Sept. 16, 1891. Thomas Hill, of Baltimore, wrote that a lady desired to furnish \$300.00, the interest of which was to pay for the care of her lot, and any balance to be applied on the Cemetery fence.

April 18, 1892. Receipts, \$283.25; expenses, \$196.48; due for lots, \$95.00; due for grave digging, \$16.00; due for care of lots in 1891, \$24.00.

CEMETERY FENCE, AS NOW ROUND CEMETERY.

1884, 29th July. Messrs Hulme and George Bell were made a committee to report the cost of an iron fence, and to solicit subscriptions for it. (See Appendix).

1888, 13th May. Mr. George Beck submitted a plan, the cost of which in carrying out was to be \$1500.00, complete.

1889, 7th August. A plank fence refused, and Mr. George Beck to supply a sample of his proposed fence.

1890, 29th January. A cheap fence at \$400.00 proposed.

1890, 22d September. A wire netting fence had been put up at a cost of \$630.44. This is substantial and of excellent appearance. An iron piping rail is put up a few feet in front of the fence for tying horses to.

The building and the collecting funds for this fence is due to the loving exertions of Mr. George Beck.

1893. The cemetery is now in most excellent condition, thoroughly clean and well cared for. It is under the management of Mr. Thomas W. Skirven. Between nature's grand provision and art's careful supply, this Cemetery of St. Paul's is second to none for quiet grandeur and exquisite beauty. It is situated on the summit of a gentle slope, with a pretty, bright stream of water at the foot of the hill, while the dear old Church, at its brow, rises from its 200 years of foundation in a call of peace and rest with God. Great giant oaks make the scene majestically beautiful from the hand of nature, and art has done her part in promoting most sweet loveliness. The tree tops of the great giant oak trees tower their lofty heads as reaching for the skies, and stretch out their tops as fingers ever pointing heavenwards. Their great lower limbs reach out their wondrous length in unusual size and strength, as though typical of the Great loving arm of the Good God, stretched out over His own Sacred Acre, in merciful care of His faithful departed holy dead. Hosts of evergreen and other trees and shrubs are in irregular beauty all around the grounds. The graves are all neat and well cared for, the walks clean and hard. Flowers in abundance adorn the scene and bright green grass everywhere colors and closely covers the whole Cemetery. May it long remain a home of beauty for the bodies of our much loved departed members and all true friends.

GEORGE D. S. HANDY, Reg.

Departed this life on the 12th day of June, 1874.

Who was for many years of his life actively engaged in forwarding the interests and promoting the welfare of St. Paul's Church.

Mr. Beck has been connected with this Church as a Vestryman since early manhood, and has acted as Treasurer for a long time and with entire

satisfaction to his associates, freely devoting his time and means to further the Church's prosperity. His decease leaves a great blank in our midst, that will be felt for a long time.

Therefore, whereas, it has pleased Almighty God to take from us Mr. Horatio Beck, a Vestryman of this Church,—

Resolved, That while we bow in submission to the will of God, we cannot refrain from expressing our grief at the double loss we have sustained as Vestrymen and individuals.

Resolved, That in Mr. Beck the Vestry has lost its most useful and honored member, while we as individuals have been called to surrender a friend endeared to us alike by memories of the past and by his noble qualities.

Resolved, That this parish to which he belonged, and the community in which he lived, has lost a man whose place cannot be easily filled: a man whose soundness of judgment and devotion to the welfare of the Church has won for his opinions the respect of all.

Resolved, That a copy of these resolutions be sent to his family and entered upon the Journal in memorial of the deceased.

Resolved, That it becomes us as a Christian to bow in humble submission to His decree and say "Thy Will be done."

Resolved, That in the Vestry we shall always miss him for his extreme courtesy and firmness of manner in our deliberations, as well as for his practical and conservative views in all things pertaining to the welfare of this Church and Parish.

Resolved, That always working to promote the interests of this Church and to beautify the Cemetery grounds where her beloved sleep, *that* Cemetery, so endeared to us all, shall be, and is, his most fitting monument.

Resolved, That while in his loss we recognize the hand of The Father "Who doeth all things well," we yet miss the presence of our friend and of one who was always ever ready to aid in all good works, and who by his conscientious discharge of duty gave evidence that he had indeed the interests of the Church at heart.

Resolved, That we tender to his bereaved family our sincere sympathies in their affliction, remembering that while *they lose* an affectionate husband and relation, the *Church loses* an earnest supporter, while the *Vestry loses* a quiet worker and true friend.

STEVENSON CONSTABLE.

WHEREAS, it has pleased our Heavenly Father, in His inscrutable Wisdom, to remove from our midst our dear friend and brother in Christ, Stevenson Constable, be it

Resolved, That the Vestry and congregation of St. Paul's Parish desire to testify their sincere sorrow at the death of Mr. Constable, and to bear witness to those Christian graces and sterling qualities of mind and heart which have endeared him to them all. By his death a void is left that can never be adequately filled. He will be sadly missed in our advisory councils, having been a member of St. Paul's Vestry for 15 years, and Registrar for 14 years. He was ever ready and foremost in all good works—a loyal son of the Church, loving her laws and upholding her dignity—wise and temperate in counsel,

his influence for good was widely felt, and it is with a deep sense of our great loss, that we place this tribute of respect and affection on the grave of that true Christian gentleman.

Resolved, That we extend our heartfelt sympathies to the bereaved widow and children of the deceased, trusting that the Divine Love which has so chastened them in depriving them of the loving husband and tender and affectionate father, will, in Its own good time, enable them to bow in humble submission and resignation to God's will, and fill their sad hearts with that peace which passeth all understanding.

Resolved, That these resolutions be entered upon the minutes of the meeting and that a copy of them be forwarded to the family of the deceased, and also be inserted in the *Kent News* and *Transcript*.

ST. PAUL'S, CONNECTED WITH SHREWSBURY PARISH, AND SASSAFRAS CHURCH, IN 1666 AND 1707, ETC.

In 1666 the Vestry inquired about a letter they had written to Shrewsbury Parish, in "Cecil" county, demanding of them the tobacco due by them to the Estate of Mr. Lawrence Vanderbush. From this it appears that at that time Shrewsbury Parish was in Cecil county, and that the Rev. Mr. Vanderbush ministered there as well as in St. Paul's Parish.

Entry of Dec. 12, 1678: Whereas, as this Vestry is in prospect of getting 7,500 pounds of tobacco from Cecil county, thinks it not necessary to assess a parish tax this year.

11th Feb., 1679. Notes were drawn on Sheriff Mr. John Carcill, of Cecil county, for the revenue due to Mr. Stephen Bordley, forty pounds pr poll. Mr. Bordley was the second minister at St. Paul's, Feb. 24, 1702. A petition was presented to the Vestry of St. Paul's from the gentlemen of the Parish of Shrewsbury, in Cecil county, requesting Mr. Stephen Bordley to preach there every third Sunday.

Jan. 9th, 1706-7. It was moved by Mr. Stephen Bordley to continue preaching the first Sabbath in the month at Sassafras Church. The Vestry deferred their consideration till their next meeting.

Sep. 6, 1791. Mr. Harris doth move to the Justices of Cecil county to assess a Parish tax for that part of the parish lying in Cecil county, for the repairing and to enlarge the church, at 10 lbs. tobacco pr poll, according to Act of Assembly.

L. U. In 1893, and for some few years before then, and at other intervals, St. Paul's has been connected with Christ Church, L. U. The proper name of the Church in L. U. district is Christ Church. But there happened to be a boundary stone on a corner in that locality, marked L. U., which were the initials of the name of the owner of the land. In this way the place became called L. U., and the Church became called L. U. likewise.

VESTRY UPHOLDS THE BISHOP'S AUTHORITY.

Nov. 23, 1816. Resolved, as the opinion of the Vestry, that whereas certain Ministers of the Protestant Episcopal Church in this State have protested against the authority of the Bishop of this State (Bishop Meade) and have declared that they never will acknowledge his authority as Bishop, that therefore the Vestry consider it incumbent on them to call upon their present Rector, Mr. Handy, to state explicitly whether he does acknowledge the authority of the Bishop of this State or not. In reply Mr. Handy unequivocally declared that he did not acknowledge the authority of the Bishop of this State; that he looked upon him as an usurper, and that he considered him only as a Presbyter in the Church.

Sunday, 24th Nov., 1816. Resolved, that the Vestry conceived it to be their duty, not from any personal objections against Mr. Handy, but as members of the Church acknowledging Her supreme authority, not to make any contract with The Rev. Mr. Handy for the ensuing year.

The Register, Mr. Robt. Dunn, to furnish the Rev. Mr. Handy and the Rev. Mr. Turner, one of the Standing Committee, with a copy of the foregoing proceedings.
